An appeal is a formal notification of disagreement with a (certification) decision within a certification process, or request by the provider of the object of conformity assessment to CUC for reconsideration of a decision it has made relating to that object.

A complaint is a formal expression of dissatisfaction, other than appeal, by any person or organisation regarding a CUC employee's behaviour, CUC methodology, or work executed under contractual responsibility of CUC by a critical office or subcontractor, where a response is expected.

A concern is an expression of dissatisfaction or concern by any person or organisation regarding a client certified by CUC, which is not sufficiently substantiated to be classified as a complaint and where a response is expected.
